VIRGINIA ELECTRIC AND POWER COMPANY	1	

REPORT OF ACTION

Pursuant to the second ordering paragraph of the Order Granting Authority dated April 9, 2018 in Case No. PUE-2018-00045, authorizing Virginia Electric and Power Company (the "Company") the continued participation in an inter-company credit agreement with its parent, Dominion Energy, Inc., (the "Credit Agreement"), the Company files this report.

- 1. Attached as Exhibit A are the borrowings during the period June 2022 through May 2023, inclusive.
- 2. The rate basis for all of the borrowings under the Credit Agreement was the average yield of the Company's outstanding commercial paper one business day prior to the borrowing date, or, if no commercial paper was outstanding, the appropriate spread above the applicable short-term benchmark rate ("benchmark rate") for such subject day. Pursuant to Order #PUR-2022-00189, the benchmark rate was amended effective 11/25/2022 to transition from LIBOR to SOFR. For the period June 2022 through November 2022, the applicable short-term benchmark rate was LIBOR. For the period December 2022 through May 2023 the applicable short-term benchmark rate was SOFR.
